Report No. 3077

May 1, 2017

PETITIONS FOR RECONSIDERATION OF ACTION IN RULEMAKING PROCEEDING

Petitions for reconsideration and/or clarification have been filed in the Commission's rulemaking proceeding listed in this Public Notice. The petitions filed by the parties listed below seek reconsideration and/or clarification of a number of the policies and procedures the Commission adopted in the *Mobility Fund Phase II Report and Order*.

Many of the arguments asserted in the petitions may be relevant to the subject of the Further Notice of Proposed Rulemaking that accompanied the *Mobility Fund Phase II Report and Order* – i.e., the challenge process to determine areas that are eligible for Mobility Fund Phase II support. Because the comment cycle for the Further Notice of Proposed Rulemaking is scheduled to close on May 11, 2017, good cause exists in this instance to alter the timing of the periods specified in Section 1.429 of the Commission's rules, 47 CFR § 1.429, and Section 1.4(b)(1), 47 CFR § 1.4(b)(1), for the filing of oppositions to the petitions for reconsideration and replies to oppositions. An expedited schedule will give the Commission an opportunity to address any related issues at the same time that it releases an order finalizing the challenge process. The *Mobility Fund Phase II Report and Order* contemplates that the order will be released in the coming months and that the challenge process will begin prior to the end of the year.

Accordingly, oppositions to petitions for reconsideration of the Report and Order shall be filed no later than **May 16, 2017**, and replies to oppositions will be due no later than **May 26, 2017**.
